REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: applicant claims nitrate salt of Cetirizine, Loratadine, Terfenadine and Emedastine compounds. These are known compounds, however, the available literature and art do not teach a nitrate salt of these compounds. The closest prior art, Drechsel et al., U.S. Publication number 2002/0137764 teach the individual compounds and its pharmacologically acceptable salt without teaching the nitrate salt. Thus, the prior art do not teach nor anticipate the instantly claimed salt.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
